

Dr Lucy Cowton
Sustainability Manager, Futamura UK
lucy.cowton@futamura.com

Lucy Cowton has been closely involved with the development and commercialisation of the NatureFlex™ range of renewable and compostable films since 1999. Her current role involves managing the environmental aspects of NatureFlex™ and Cellophane™ films including the life cycle assessment and forestry/end of life certifications. She represents Futamura through their membership of European Bioplastics and is a member of the BSI, CEN and ISO.

She began her career as a Research Chemist working for Associated Octel Limited, before joined Scotia Pharmaceuticals in 1996, where she worked on the development and scale up of an anti-cancer drug.

Lucy graduated from the University of Nottingham with a degree in chemistry and holds a PhD in organometallic chemistry from the University of Manchester.
