

Lutz Altmann

Senior Laser Application Specialist, Domino Laser

Lutz.Altmann@dominolaser.com

Lutz Altmann joined Domino Laser GmbH in 2001, and has an extensive background in engineering, manufacturing, and laser processing. He holds a patent for specialised titan laser coding solutions.

He is responsible for developing custom laser applications, integrations, and processes that improve Domino's customers' uptime, throughput, and quality while minimising waste, to support the transition to zero-waste factories.

Lutz has a degree in mechanical engineering.
